Subject: Re: OR CZARA

All: I am scheduled to meet with Richard Whitman and others in Oregon on Thursday **Non-Responsive**
Non-Responsive and other matters as well. Could someone please apprise me of the status of this gaps analysis, and whether it has been formally conveyed? It has been a bit dark of late.

Thank you,

WS

Dennis and Will, in the interest of moving the process along for the exchange of letters with a transmittal of the "...Gaps" document, please find attached a transmittal letter for your consideration. This letter would be for your signature, Dennis, and Jeff Payne's. Based on our understanding of the sequence of letter exchanges, this letter would be sent to Oregon with the "...Gaps" document as an enclosure. Please let us know whether the State has given you a response/reaction to what you've shared with them most recently on the "...Gaps" document and whether that response sets the stage for NOAA and EPA to initiate the exchange of letters. Also, please let us know whether this letter strikes the right tone given the conversations you've had.

Thank you. Looking forward to hearing from you on timing of next steps in the letter exchange.

Christine Psyk, Associate Director
